Tri-City Packing and Provision Co.,

DAVENPORT, IOWA.

THREE REASONS Why you should insist on having the Celebrated **T. C. Brand of Products** **First**:—Our sweet pickled meats are not held in pickle for six months after being cured, as we are constantly curing and smoking and after being smoked are not refrigerated and they retain a bright, glossy appearance and a **Sweet, Mild and Delicate Flavor**. **Second**:—Our hogs are raised in the finest climate and on the purest food. They are not subjected to thousands of miles of transportation and thereby **avoid bruises, fever, etc.** **Third**:—There is a constant increase in the demand for the highest grade of provisions and the **T. C. Brand satisfies that desire**, judging from the fact that though we have doubled our former capacity we are almost unable to supply the demand.
