Gene Kelly to Star in Retail Stores for RCA VideoDisc.

BASF

Introduces a superb new medium for magnetic recording . . .

BASF CHROME-TAPE™

Unique chromium-dioxide tape for audio, cassette and video products

- Lower noise than iron oxide tapes
- Higher sensitivity with lower print-through
- Ultra-high frequency response
- Wide dynamic range at slower recording speeds
- No drop-outs
- Extended tape life – low head abrasion
- Longer cassette playing times, with reel-to-reel quality
- Costs less per minute of playing time than iron oxide tapes

BASF . . . Famous for
